SUGAR MOVER™

ESSENTIAL NUTRITION

Sugar Mover® strengthens the source-to-sink relationship inside the plant and provides nutritional support to manage the flow of sugars from the leaves to the fruit to significantly improve Brix and color.

OPTIMIZING YIELD POTENTIAL

Every Stoller product works to protect, enable, or enhance the maximum genetic expression of the plant.

PRODUCT BENEFITS

- Increases the rate of sugar transport from source leaves to flowers, fruits, vegetables, nuts, berries, seeds and root storage tissue
- Helps the plant to better manage nitrate nitrogen
- Significantly increases the amount of sugar available for uniform fruit and seed development
- Improves overall seed quality for improved yield
Provides available forms of boron and molybdenum
- Mixes well with herbicides, fungicides and insecticides

ACTIVE INGREDIENTS:

Total Nitrogen (N) 3.0%

3% Water Soluble Nitrogen

Boron (B) 8.0%

Molybdenum (Mo) 0.004%
